Dear Examiner Ungar:

Enclosed is a diskette containing in word and ASCII the applications for BGP-150, BGP-151PC and BGP-151CP. BGP-150 and BGP-151PC were scanned from original paper copies. Therefore there may be some errors in these and although these copies may be useful for finding text you should always confirm by comparison to the paper copies.

Support for claim 12 and claim 14 of BGP-151CP (08/447,118) can be found at page 35, lines 1-6 of the BGP-151PC application. A copy of these pages with those lines circled is enclosed. Support for the species claim 11 can be found in BGP-150, at various places. We have enclosed pages from BGP-150 with relevant passages circled.

Please let me know if you need anything further.

Respectfully submitted,
